

Travel to Alaska and Create Some Interest

As I read Moose International's newest theme, "CSI Create Some Interest", I thought about how well that fits our WSNIMA travel group. We have an **Alaskan cruise** planned for **May 19, 2012**, on the Norwegian Cruise Line's Jewel. We will begin in Seattle where we will board a motor coach for a scenic ride up to **Vancouver BC**. There we will board the NCL Jewel for a fun filled journey up the famous **Inside Passage** with stops at **Ketchikan, Juneau, Skagway** and **Victoria** before arriving back in **Seattle** for disembarkation.

In Anaheim at the International Convention, we talked with Alaskan Moose members and they are very excited about our visit to their neck of the woods. They are planning a welcome for us. The Ketchikan Moose lodge can be seen from the ship because it is right on the waterfront near port. It is an easy walk to visit the lodge and they will be there to welcome us. The Juneau lodge is farther out of town but if we plan a visit to the Mendenhall Glacier then we will drive right past it. Last time we did the visit we commandeered the bus and made the bus driver stop at the lodge for refreshments. (It helps if everyone on the bus is in our group) There are no lodges in Skagway or Victoria but a Moose member from Nanaimo said he will be there to roll the gang plank down for us and welcome us in Victoria.

This cruise is also a fund raiser for our girl's house in Mooseheart. \$25 of the package price per person will go to our charity and will be matched by NCL and Wood Travel, LLC. That means that \$50 person will go to Moose Charities for our girls in Mooseheart. Think of it. You can share lifetime memories with friends and family, enjoy world class meals and entertainment, view glaciers and wildlife from your balcony, make new friends, experience the ports of Alaska. Just **have fun and raise money** for your favorite charity too! Does that create some Interest?

This offer is open to you and all your friends and family. They don't have to be Moose members. Often they have had so much fun that they have joined our fraternity. Either way we will welcome everyone.

All the information about this package price and itinerary is on the WSNIMA.org website. There are a limited number of cabins available so call **Jan at 360-623-5308** or e-mail at woodtravel.com to hold your cabin or ask questions.

Don't keep this a secret. Tell your friends and Create Some Interest.

P.S. Please put this article in your lodge newsletters Thank you
